ARE DRAWING NET AROUND YEGGMEN

Testimony of Number of Witnesses Damaging to Prisoners in Raleigh.

PROHIBITION BELL CRACKED

Pieces Are Now Being Sent Around as Souvenirs—Orators for Davis Day.

[Special to The Times-Dispatch.]
RALEIGH, N. C., June 2.—The trial of the five alleged yeggmens, J. T. Leonard, Chas. Williams, C. F. Shaw, James Scanlon and Henry S. Hallan, on the charge of blowing open the safe in the post-office at Dunn, in Harnett county, is well underway in the United States District Court here, with the prosecution making a strong case against the prisoners.

The theory of the prosecution now being developed in the trial is that the five are professional yeggmens, operating principally in the South Atlantic States. The discovery of highly explosive and regular safe-cracking appliances in their possession, their behavior on and after arrest and the fact that they were in and around Dunn a day or more before and immediately after the robbery, are very damaging points. Witnesses by whom these statements have already been made on the stand are A. H. Wilson, postmaster, and W. R. Smith, clerk, at the Dunn post-office; S. H. Eggleston and T. R. Thompson, Van Wych, J. P. Whorton, jailer, Lancaster, S. C.; Post-Office Inspectors M. O. Kilverstadt and J. W. Bulah, Dr. S. P. J. Lee, of Dunn, and Miss Minnie C. Morgan, of Selma.

There came to Governor Glenn this morning from Thomasville a large piece of the big bell that was rung all day during the State prohibition election, calling the prohibition voters thereabout to the polls. When the returns began to come in showing a big prohibition victory for the whole State, the ringing of the bell was kept up with increasing rapidity and vigor until it was cracked from the force of the blows. The fragments are being distributed as souvenirs to prominent prohibition workers. The Governor will probably give his fragment of the bell to the Hall of History in the State Museum.

The senior class of the Raleigh High School, the first graduated in the history of the school, organized to-day a permanent alumni association, with Mr. Jack Harris as president; Mr. George Bagwell, vice-president, and Miss Bessie King, secretary and treasurer.

Captain T. W. Mason, of Northampton county, will be the orator here to-morrow afternoon at the celebration of the Davis anniversary. The ceremonies will be under the auspices of the Raleigh Chapter, Daughters of the Confederacy.

Knights of Pythias.
Headed by Past Grand Chancellor W. W. Willson, the Raleigh Knights of Pythias are making elaborate arrangements for the coming of the North Carolina Grand Lodge to this city, capital on June 9th, 10th and 11th for the annual session. The order reached the 10,000 membership mark in this State during the past year, and the general condition at this time is better than ever before. Mr. W. R. Chitt, of Winston-Salem, is grand chancellor.

Why Rengo Reduces Fat.

Anti-Fats and Starvation Diet Result in Wrecking of the System.

Fat as a general rule comes from the failure of the digestive organs to do their work properly. It may come also from over-eating. In these cases fat is always so called, but it is not fat, it is indigestible food eaten which is not eliminated as it should be, but is made up in the form of fat and sent by the blood to various parts of the body. This accumulation continues constantly until within a comparatively short time, the heart becomes increased in a layer or coating of fat. The heart, being so affected, is unable to pump the blood as efficiently as it should, and the first vital organs to become affected in this manner.

The food, therefore, in cases of fat, is not properly assimilated—that is, part of the food is retained by the body which should not be retained, and part which should be retained, is thrown out. The result is always mean dyspepsia or indigestion, for one may have a very healthy stomach and yet begin to grow fat, through no apparent cause.

It is evident to any one, then, that to try to starve away the fat is both ridiculous and dangerous. It may or may not have the desired effect, but what is almost certain is that a starvation diet will give a shock to the body system and wreck it. The body will become a subject for the sanitarium or becomes an invalid. The same thing happens by trying to use anti-fats, something which is absurd and which sooner or later results in a breakdown of some organ and consequent disease. Bright's Disease, Nephritis, Gastritis and Neuritis may quickly follow such treatments.

Tropical fruit is and has been known for years as a remarkable regulator of the system. By a persistent use of such a mixture, the body will assume an absolutely normal condition, losing all that is too large, and preserving the balance of all the organs, making the fortunate man or woman who uses it healthy and happy.

This is why Rengo, a tropical fruit mixture which has this faculty of perfectly assimilating food taken into the body. That is the secret. It results in making Rengo a marvel as a fat-reducer and a health builder, and a godsend to all fat people.

As Rengo is safe, it not only reduces your weight to normal, but it increases your health.

There is nothing "just as good" as Rengo. It is made by all druggists at \$1.00 per full sized box, or by mail, prepaid, by The Rengo Co., 3323 Rengo Bldg., Detroit, Mich. The company will gladly send you a trial package free by mail, if you write them direct to Detroit; no free packages at drug stores.

RIGHT AFTER THE GAMBLERS.

Fashionable Place Raided in Wilmington—Several Arrests Made.

[Special to The Times-Dispatch.]
WILMINGTON, N. C., June 2.—The police have commenced an active warfare on gambling, about which there have been lively rumors and intense suspicion here of late, and as a result of this a swell gaming place in the heart of the business section of the city was raided late Sunday night.

The alleged proprietor and his chief, George Brown and R. McMillan, were arrested, together with four others—Frank Brown, P. T. Bennett, C. G. Ridgely and J. D. Latham, the latter two well known young society men.

The raid also yielded a lot of handsome paraphernalia, as well as an abundance of cards, poker chips and dice. It is a pretty well settled fact that other arrests, and of well known people, will follow. Those arrested, however, are preliminary hearings, were bound over to the higher court, being placed under heavy bonds.

DAMAGING EVIDENCE.

C., June 2.—Immediately upon the adjournment of the Superior Court on Friday afternoon at 6 o'clock the preliminary trial of Nathan Brodie was held before Justices of the Peace Gray, Jones and Wortham. Brodie was charged with burglary, and with entering the dwelling of Mrs. Lucy Fuller on the night of May 26th, with intent to assault her. The identification was completed, and the evidence was so damaging the prisoner was committed to jail without bail.

MESSAGE WASHES ASHORE.

Traveler on High Seas Aids Finder to Meet Him in Heaven.

WILMINGTON, N. C., June 2.—More bales of cotton and barrels of turpentine have been washed ashore on a beach near Wilmington and have added money to the coffers of those who have found them. The cotton and turpentine came from the burned steamer George Weems.

An article of greater interest was

found ashore, however, coming up on the beach at Masonboro, was a message contained in a half-pint flask. The message was scribbled on the back of a page from a magazine, but it is not supposed that the writer, whoever he may be, perished at sea. Still, the note prompts us to write to the address given. The message is as follows:

"Atlantic Ocean, May 13, 1908.
"My Dear Finder—I pray that you are in favor of my belief—that there is a God, a heaven and hell. My anxiety is to make heaven my home and God my Father. I am honest on the mighty ocean. Yours, CHAS. W. JOHNSON, No. 2101 Dean Street, Brooklyn, and No. 157 Line Street, Charleston.
"Let us all meet in heaven."

DANGEROUS FIRE.

Business Block in Henderson Has Narrow Escape.

[Special to The Times-Dispatch.]
HENDERSON, N. C., June 2.—Much excitement was caused on Sunday night when one of the most valuable business blocks in Henderson was endangered by fire. As a result of the promptness of the fire department disaster was averted, but the loss sustained by the Henderson Book Store and Barnes Clothing Company was considerable. It is thought the fire originated from sparks, which fell from passing engines, on the books and rubbish at the rear end of stores on the railroad.

STIRRED UP POLITICS.

Horne Club Formed and Craig Speaks in Newbern.

[Special to The Times-Dispatch.]
NEWBERN, N. C., June 2.—The city primaries for Governor will be held on next Monday night, while the county primaries will be held on Saturday, June 6th. Last night a Horne Club was organized in the courthouse with a membership of 207, but with less than a fourth of that number present. To-night Mr. Lock Craig spoke in the courthouse to a large audience and presented his claims as a candidate. Mr. Craig spoke at Vanceboro to-day and appeared tired to-night, although he made a very strong speech and stated clearly and forcibly his position on present day questions. To-morrow night Mr. W. W. Kitchen speaks in the courthouse, and will reply to Mr. Craig. The county is very much divided in the governorship and the result will be pretty close.

BY DR. WEBSTER DAVIS

[Special to The Times-Dispatch.]
SALISBURY, N. C., June 2.—In his address to several thousand colored people in Salisbury at the celebration of Memorial Day last Saturday, Dr. E. He declared that nine-tenths of the crime of the land is committed by ignorant and immoral blacks. He urged that his race should be educated and brought to the highest possible standard of civilization. His address struck a keynote.
